

# Sponsored Research & Industrial Consultancy (SRIC)

INDIAN INSTITUTE OF TECHNOLOGY, MANDI

The Deanery of Sponsored Research & Industrial Consultancy (SRIC) is integral to advancing the research and development (R&D) mission of IIT Mandi. It provides essential administrative and managerial support for sponsored research, industrial consultancy, and related R&D initiatives. SRIC actively engages with national and international funding agencies to facilitate research collaborations and manages all externally funded projects. It also supports newly appointed faculty through seed grants, promoting early-stage research activities.

Since its establishment, SRIC has played a critical role in strengthening IIT Mandi's R&D capabilities across key domains such as energy, healthcare, environment, manufacturing, nanotechnology, quantum computing, AI, and bioengineering.

## The SRIC project data in a nutshell (2009-April 2025):

487

Extramural projects

₹253 Crores

Worth projects executed

181

Seed grants & internal projects

51

International projects
